- April 16th: Big Brothers-Big Sisters—Page Field
- April 22nd: Annual Awards Mtg.
- April 28th: Supervisor's Mtg.

Fort Myers Amateur "HAM" Operators

March 8th—11th we were pleased to have the HAM Operators on base for their annual event. They reached 300 plus contacts per day which exceeded any previous events. They talked with many European countries along with every state in the U.S. They informed their listeners of the history of the Buckingham Air Field and they even heard from two operators who trained here during World War II. The entire group was a pleasure to have here transmitting from our base.

Field Activity — 2011

ACRES TREATED	GROUND ADULTICIDING	AERIAL ADULTICIDING	GROUND LARVICIDING	AERIAL LARVICIDING	SERVICE REQUESTS
January	0.0	0.0	7.4	84.9	6.0
February	11,009.8	0.0	16.0	1,446.9	79.0
March	6,272.4	14,783.5	20.3	2,931.0	69.0
April					
May					

March 17th was the day for our visit from a Home School Organization. We had 33 participants in the group who were in middle or high school. The first hour and a half of their tour was spent with three Florida Highway Patrolmen who train and use drug sniffing and attack dogs. Their presentation was awesome and then we toured our District.

Al Bennett, Supervisor and several of our aircraft mechanics attended a one-day helicopter show in Orlando, FL.
